

Compliance Declaration of Conformity

June 4, 2025

We are pleased to provide this statement of manufacturing principals regarding your exacqVision “Built By Exacq” (BBE) hardware. This document states that the hardware manufactured by Exacq meets and conforms to the following standards as outlined below:

NDAA: Comply with Section 889 of the John S. McCain National Defense Authorization Act (NDAA). Section 889 of the NDAA restricts U.S. federal government agencies from, among other things, procuring or obtaining any equipment, system or service that uses telecommunications and video surveillance equipment from certain Chinese manufacturers as a substantial or essential component of any system, or as critical technology as part of any system.

TAA: Comply with provisions of the Trade Agreements Act (19 U.S.C. § 2501, et seq.) for U.S. federal government procurement eligibility.

BAA: Comply with the Buy American Act, a US law that requires federal agencies to prefer domestically produced goods in their purchases and prioritize the purchase of goods manufactured in the United States for federal government use as detailed in Executive Order 13881 signed in 2017.
