ONBOARD exacqVision

### Why Kantech?

Kantech has a 30 year history of providing innovative access control solutions in many markets including small business, commercial buildings, healthcare, education and financial institutions. See for yourself at: http://www.kantech.com/Support/Videos.aspx

Provide your customers with a cost effective, tightly integrated complete security solution. Combining EntraPass and exacqVision software produces a rich integrated access control and video experience. Save money with pre-licensed Corporate edition on a single security server.

### How do I use Kantech Onboard?

If you're a Kantech corporate dealer, simply follow the instructions on the next page!

If you're not a Kantech dealer, please contact us. Once trained, you can activate the EntraPass software on this recorder.

Kantech EntraPass Access Control pre-loaded on exacqVision recorders

## How do I become a Kantech Dealer?

Contact Kantech sales and we'll walk you through the simple application process. You will need at least one trained technician to become a dealer.

North America: +1 888-526-8324 Europe, ME, Africa: +44 208 750 5670 Asia Pacific: + 65 6319 9843 Email: kantechsales@tycoint.com.

By becoming a Kantech Corporate dealer, you will join an exclusive club of dealers with access to all the Kantech hardware and EntraPass Corporate Edition software along with Sales and Technical support resources.

### How do I get EntraPass support from Kantech?
